# Press Release

**The Air Energi Group, Headquartered in the UK and DOS Support LLP - located in Kazakhstan, are pleased to confirm the set up of their joint partnership Air Energi Caspian LLP.**

## **Air Energi Caspian LLP**

Air Energi Caspian LLP will have its main operational base in Atyrau and other support branches in Aksai, Aktau, Astana and Almaty. The new entity will utilise the infrastructure of the DOS Support group which includes CAPC recruitment, Work Permit Kazakhstan and Abiroy Training and Development. Air Energi Caspian LLP is also pleased to announce the appointment of Mrs Bibigul Takisheva as the new General Manager. Mrs Bibigul has over eight years of experience working in the Kazakhstan energy service industry.

“ **Ian Langley, Chairman of the Air Energi Group is enthusiastic about the scale of support offered by the new Kazakh company. He commented:**

‘Air Energi Caspian LLP will be unrivaled in its ability to leverage its local and international experience. In Kazakhstan we can provide local recruitment services and a complete service for expatriate secondees including work permits, local payroll, meet and greet and ongoing care services. The corporate relationship Air Energi has with most of the world’s energy companies means that we can now support our clients’ projects in Kazakhstan and other work sites. From FEED in Houston, Paris or London, through detail engineering and construction globally and finally commissioning and start up in any Kazakhstan work location.’

”

### About Air Energi

Air Energi has been a global provider of manpower solutions to the energy sector for over three decades and is now operational in over 50 countries. We aim to build long-term relationships with all our partners, to help achieve a commercially satisfactory outcome to every project and to maintain those relationships on successive projects into the future. Our unique consultancy approach, problem-solving skills and comprehensive service provision enables us to provide significant benefits to our clients and puts us at the forefront of international energy recruitment.

### About Dos Support LLP

DOS Support LLP is the sister company of CAPC Recruitment, Work Permits Kazakhstan and Abiroy Technical Training which was established in 1998. The company provides manpower services solutions to the Kazakhstan energy companies. These services include large numbers of drivers and administrators assigned to the international oil company projects. DOS Support and CAPC have a large client list which includes: AGIP KCO, TCO, KPO and Worley Parsons. Abiroy Technical Training provides technical and safety training certified by NEBOSH and IOSH. Work Permit Kazakhstan LLP provides a full range of work permit and visa services to expatriate workers and their families.
